

# DOORS

For every requirement

## Doors

**OC manufactures** a variety of doors, offering a wide range of specific solutions to meet all requirements. The doors are engineered to ensure maximum ease of cleaning, complying with strict standards required in controlled contamination environments.

They integrate seamlessly with OC's modular wall system, and can also be installed in masonry or plasterboard walls.

**Single Leaf Hinged Door**  
**HPL (High Pressure Laminate)**

DIMENSIONS	SPECIFICATIONS
Door width	800 mm, 900 mm (clear opening)
Door height	2200 mm
Vision panel	With or without vision panel
External surface	HPL (High Pressure Laminate)
Frame	Anodized extruded aluminum profiles
Core options	Euroclass E polystyrene, aluminum honeycomb panel or rock wool
Certifications	VOC A+ (values after 28 days)
Standard colors	0020 ARPA, 0203 ARPA
Non-standard colors	003, 0011, 0201, 0249, 0566, 0593, 0569, Other colors upon request

**Single Leaf Hinged Door**  
**Stainless Steel**

DIMENSIONS	SPECIFICATIONS
Door width	800 mm, 900 mm (clear opening)
Door height	2200 mm
Vision panel	With or without vision panel
External surface	1.2mm thick brushed AISI 304 stainless steel
Frame	1.2mm thick brushed AISI 304 stainless steel
Core options	Euroclass E polystyrene, aluminum honeycomb panel or rock wool
Certifications	VOC A+ (values after 28 days) and Fire reaction A2 – s1, d0
-	-
-	-

### Single Leaf Sliding Door HPL (High Pressure Laminate)

### Single Leaf Sliding Door Stainless Steel

DIMENSIONS	SPECIFICATIONS
Door width	1400 mm, 1500 mm (clear opening)
Door height	2200 mm
Vision panel	With or without vision panel
External surface	HPL (High Pressure Laminate)
Frame	Anodized extruded aluminum profiles
Core options	Euroclass E polystyrene, aluminum honeycomb panel or rock wool
Certifications	VOC A+ (values after 28 days)
Standard colors	0020 ARPA, 0203 ARPA
Non-standard colors	003, 0011, 0201, 0249, 0566, 0593, 0569, Other colors upon request

DIMENSIONS	SPECIFICATIONS
Door width	1400 mm, 1500 mm (clear opening)
Door height	2200 mm
Vision panel	With or without vision panel
External surface	1.2mm thick brushed AISI 304 stainless steel
Frame	1.2mm thick brushed AISI 304 stainless steel
Core options	Euroclass E polystyrene, aluminum honeycomb panel or rock wool
Certifications	VOC A+ (values after 28 days) and Fire reaction A2 – s1, d0
-	-
-	-

**Double Leaf Sliding Door**  
**HPL (High Pressure Laminate)**

**Double Leaf Sliding Door**  
**Stainless Steel**

DIMENSIONS	SPECIFICATIONS
Door width	1600 mm, 2000 mm (clear opening)
Door height	2200 mm
Vision panel	With or without vision panel
External surface	HPL (High Pressure Laminate)
Frame	Anodized extruded aluminum profiles
Core options	Euroclass E polystyrene, aluminum honeycomb panel or rock wool
Certifications	VOC A+ (values after 28 days)
Standard colors	0020 ARPA - 0203 ARPA
Non-standard colors	003 - 0011 - 0201 - 0249 - 0566 - 0593 - 0569 - Other colors upon request

DIMENSIONS	SPECIFICATIONS
Door width	1600 mm, 2000 mm (clear opening)
Door height	2200 mm
Vision panel	With or without vision panel
External surface	1.2mm thick brushed AISI 304 stainless steel
Frame	1.2mm thick brushed AISI 304 stainless steel
Core options	Euroclass E polystyrene, aluminum honeycomb panel or rock wool
Certifications	VOC A+ (values after 28 days) and Fire reaction A2 - s1, d0
-	-
-	-

**Double Leaf Symmetrical Door**  
**HPL (High Pressure Laminate)**

DIMENSIONS	SPECIFICATIONS
Door width	1600 mm (clear opening)
Door height	2200 mm
Vision panel	With or without vision panel
External surface	HPL (High Pressure Laminate)
Frame	Anodized extruded aluminum profiles
Core options	Euroclass E polystyrene, aluminum honeycomb panel or rock wool
Certifications	VOC A+ (values after 28 days)
Standard colors	0020 ARPA - 0203 ARPA
Non-standard colors	003, 0011, 0201, 0249, 0566, 0593, 0569, other colors upon request

**Double Leaf Symmetrical Door**  
**Stainless Steel**

DIMENSIONS	SPECIFICATIONS
Door width	1600 mm (clear opening)
Door height	2200 mm
Vision panel	With or without vision panel
External surface	1.2mm thick brushed AISI 304 stainless steel
Frame	1.2mm thick brushed AISI 304 stainless steel
Core options	Euroclass E polystyrene, aluminum honeycomb panel or rock wool
Certifications	VOC A+ (values after 28 days) and Fire reaction A2 – s1, d0
-	-
-	-

**Asymmetrical Double Leaf Door**  
**HPL (High Pressure Laminate)**

DIMENSIONS	SPECIFICATIONS
Door width	1200 mm (clear opening)
Door height	2200 mm
Vision panel	With or without vision panel
External surface	HPL (High Pressure Laminate)
Frame	Anodized extruded aluminum profiles
Core options	Euroclass E polystyrene, aluminum honeycomb panel or rock wool
Certifications	VOC A+ (values after 28 days)
Standard colors	0020 ARPA, 0203 ARPA
Non-standard colors	003, 0011, 0201, 0249, 0566, 0593, 0569, Other colors upon request

**Asymmetrical Double Leaf Door**  
**Stainless Steel**

DIMENSIONS	SPECIFICATIONS
Door width	1200 mm (clear opening)
Door height	2200 mm
Vision panel	With or without vision panel
External surface	1.2mm thick brushed AISI 304 stainless steel
Frame	1.2mm thick brushed AISI 304 stainless steel
Core options	Euroclass E polystyrene, aluminum honeycomb panel or rock wool
Certifications	VOC A+ (values after 28 days) and Fire reaction A2 – s1, d0
-	-
-	-

**Single Leaf Door**  
Composite Aluminum

DIMENSIONS	SPECIFICATIONS
Door width	800 mm, 900 mm (clear opening)
Door height	2200 mm
Vision panel	With or without vision panel
External surface	4mm thick composite aluminium panel
Frame	Anodized extruded aluminum profiles
Core options	Aluminum honeycomb panel
-	-
Standard color	RAL 9010
-	-

**Asymmetrical Double Leaf Door**  
Composite Aluminum

DIMENSIONS	SPECIFICATIONS
Door width	1200 mm (clear opening)
Door height	2200 mm
Vision panel	With or without vision panel
External surface	4mm thick composite aluminium panel
Frame	Anodized extruded aluminum profiles
Core options	Aluminum honeycomb panel
-	-
Standard color	RAL 9010
-	-

## Double Leaf Symmetrical Door

### Composite Aluminum

DIMENSIONS	SPECIFICATIONS
Door width	1600 mm (clear opening)
Door height	2200 mm
Vision panel	With or without vision panel
External surface	4mm thick composite aluminium panel
Frame	Anodized extruded aluminum profiles
Core options	Aluminum honeycomb panel
-	-
Standard color	RAL 9010
-	-
